

## **Avicanna Announces Changes to its Board of Directors**

TORONTO, January 4<sup>th</sup>, 2022 (GLOBE NEWSWIRE) — Avicanna Inc. (“Avicanna” or the “Company”) (TSX: AVCN) (OTCQX: AVCNF) (FSE: 0NN), a biopharmaceutical company focused on the development, manufacturing and commercialization of plant-derived cannabinoid-based products, is pleased to announce the appointment of Eileen McCormack to, and the resignation of Setu Purohit from, its board of directors effective immediately.

Eileen McCormack is an experienced senior marketing executive with more than 30 years of international experience in the bio-pharmaceutical industry. Ms. McCormack retired from AstraZeneca US where she led commercial and cross-functional teams responsible for launch planning and business development in the US market. Ms. McCormack has experience in bio-pharmaceutical product development, portfolio strategy in complex regulated environments and brings significant multi-market and international commercial experience. Ms. McCormack gives back to her community by having served on a number of national and Toronto-based non-for-profit boards over the last 10 years.

“I am excited to be joining the Avicanna board of directors,” said Eileen McCormack. “I believe Avicanna has a strong business model and talented management team that uniquely positions it to capitalize on the evolving cannabinoid-based biopharmaceutical industry. I look forward to contributing to Avicanna’s future growth and success as the company executes development and launch activities for its evidence-based products.”

“We are pleased to add Ms. McCormack to our board of directors at an appropriate time where her experience and wisdom can support the next phase of evolution of the Company, including pipeline analysis and global commercialization efforts,” stated Aras Azadian, CEO Avicanna Inc.

### **About Avicanna**

Avicanna is a Canadian commercial-stage biopharmaceutical company established in cannabinoid research, development, and evidence-based products for the global consumer, as well as medical and pharmaceutical market segments. In leading global cannabinoid advancements, Avicanna conducts most of its research in Canada at its R&D headquarters in the Johnson & Johnson Innovation Centre, JLABS @ Toronto, located in the MaRS Discovery District. The company actively collaborates with leading Canadian academic and medical institutions. Avicanna has established an industry-leading scientific platform including advanced R&D and clinical development which has led to the commercialization of over twenty products across four main market segments:

- **Medical Cannabis & Wellness Products:** Marketed under the RHO Phyto™ brand, or Magisterial Preparations, these medical and wellness products are an advanced line of pharmaceutical-grade cannabis products containing varying ratios of cannabidiol (“CBD”) and tetrahydrocannabinol (“THC”). The product portfolio contains a full formulary of products including oral, sublingual, topical, and transdermal deliveries that have controlled dosing, enhanced absorption and stability studies supported by pre-clinical data. The advanced formulary is marketed with consumer, patient and medical community education and training. Avicanna’s medical and wellness product portfolio also forms the foundation of the Company’s pharmaceutical pipeline with the contribution of the formulations that form the basis of the products as well as the data generated from sales and participation of the products in real world evidence studies.
- **CBD Derma-Cosmetic Products:** Marketed under the Pura H&W™ or Pura Earth™ brands, these registered, clinically tested, derma-cosmetic products include a portfolio of functional CBD topical products.

AVICANNA™

- **Pharmaceutical Pipeline:** Leveraging Avicanna's scientific platform, vertical integration, and real-world evidence, Avicanna has created a pipeline of patent-pending drug candidates which are indication-specific and in various stages of clinical development and commercialization. These cannabinoid-based drug candidates provide solutions for unmet medical needs in the areas of dermatology, chronic pain, and various neurological disorders. Avicanna's first pharmaceutical preparation (Trunerox) is in the drug registration stage in South America.
- **Cannabis Raw Materials, Seeds, and Bulk Formulations:** Marketed under the Aureus™ brand, the Company's raw material business has successfully completed sales to 11 countries. Aureus offers cannabis dried flower, standardized seeds, full spectrum extracts, and cannabinoid distillates, isolated cannabinoids (CBD, THC, cannabigerol ("CBG") and other rare cannabinoids), and bulk formulations derived from hemp and cannabis cultivars through its sustainable, economical, and industrial-scale subsidiaries based in Colombia. The majority of the Aureus products are produced at Santa Marta Golden Hemp S.A.S. ("SMGH"), the Company's majority-owned subsidiary, which is also Good Agricultural and Collection Practices ("GACP") certified and has United States Department of Agriculture ("USDA") National Organic Program certification for its hemp cultivar.
